BULLETIN - EAS ACTIVATION REQUESTED  
Flash Flood Warning  
National Weather Service New York NY  
635 PM EDT TUE SEP 25 2018

The National Weather Service in Upton NY has issued a

- \* Flash Flood Warning for...  
Western Suffolk County in southeastern New York...
- \* Until 800 PM EDT.
- \* At 635 PM EDT, Doppler radar indicated heavy rain across the warned area. Flash flooding is expected to begin shortly.
- \* Some locations that will experience flooding include...  
Islip, Brentwood, Commack, Huntington Station, Centereach, Deer Park, Lindenhurst, Hauppauge, Ronkonkoma, Huntington, Stony Brook, Babylon, Port Jefferson, Northport and Holbrook.

PRECAUTIONARY/PREPAREDNESS ACTIONS...

Turn around, don't drown when encountering flooded roads. Most flood deaths occur in vehicles.

Excessive runoff from heavy rainfall will cause flooding of small creeks and streams, urban areas, highways, streets and underpasses as well as other drainage areas and low lying spots.

Please report flooding to your local law enforcement agency when you can do so safely.

A Flash Flood Warning means that flooding is imminent or occurring. If you are in the warned area move to higher ground immediately. Residents living along streams and creeks should take immediate precautions to protect life and property.

BULLETIN - EAS ACTIVATION REQUESTED  
Flash Flood Warning  
National Weather Service New York NY  
700 PM EDT TUE SEP 25 2018

The National Weather Service in Upton NY has issued a

- \* Flash Flood Warning for...  
Southeastern New Haven County in southern Connecticut...
- \* Until 900 PM EDT.
- \* At 700 PM EDT, Doppler radar indicated heavy rain across the warned area. Up to two inches of rain have already fallen. Flash flooding is expected to begin shortly.
- \* Some locations that will experience flooding include...  
Guilford, Clinton, Branford, North Haven, North Branford,  
Killingworth, North Madison, East Haven and Madison.

Additional rainfall amounts of one to two inches are possible in the warned area.

PRECAUTIONARY/PREPAREDNESS ACTIONS...

Turn around, don't drown when encountering flooded roads. Most flood deaths occur in vehicles.

Be especially cautious at night when it is harder to recognize the dangers of flooding.

Excessive runoff from heavy rainfall will cause flooding of small creeks and streams, urban areas, highways, streets and underpasses as well as other drainage areas and low lying spots.

A Flash Flood Warning means that flooding is imminent or occurring. If you are in the warned area move to higher ground immediately. Residents living along streams and creeks should take immediate precautions to protect life and property.
