Average Monthly Rainfall	0.67
Accumulated Yearly Rainfall	10.17

Average Monthly Snowfall	13.2
Accumulated Yearly Snowfall	52.9

The daily values presented in these tables are not simple means of observed daily values. They are interpolated from the much less variable monthly normals by use of the natural spline function. Daily precipitation normals were also computed using the natural spline function and do not exhibit the typical daily random patterns. However, they may be used to comute normal precipitation over time intervals.
