

NWS Houston/Galveston Monthly Hydrologic Report May 2024

Produced by: Cameron Batiste

Date: 06/05/2024

May was marred with multiple heavy rainfall events, especially over portions of the Brazos Valley and the Piney Woods. Monthly rainfall totals exceeded 20" for portions of Walker, Trinity, Polk, San Jacinto, and Montgomery Counties. These rounds of excessive rainfall led to widespread moderate to major river flooding especially along the Trinity, San Jacinto, and portions of the Brazos River.
