MONTHLY REPORT OF RIVER AND  
FLOOD CONDITIONS

REPORT FOR:

MONTH: **MAY** YEAR: **2004**

**TO:** Hydrometeorological Information Center, W/OH12x1  
National Weather Service/Office of Hydrology  
1325East-WestHighway#7116  
SilverSpring,MD20910

SIGNATURE:

Kevin Durfee

(In Charge of

Hydrologic Service Area)

DATE: June 1, 2004

When no flooding occurs, include miscellaneous river conditions, such as significant rises, record low stages, ice conditions, snow cover, droughts and hydrologic products issued (WSOM E-41).

An **X** inside this box indicates that no flooding occurred for the month within this hydrologic service area.

No flooding occurred in the San Joaquin Valley HSA during May, 2004.

The storm track remained north of central California during much of the month. Consequently, May, 2004 brought below normal precipitation. Temperatures averaged above normal for the month.

No hydrologic products were issued.
