

# Routine Weather Briefing

June 28, 2024  
9:07 AM

Outlook Period: Friday 06/28/24 - Sunday 06/30/24

## OVERVIEW:

A stalled front over the area will move back north as a warm front later today leading to building heat and humidity through the weekend. A cold front will then approach the area late in the weekend with a better chance for storms later Sunday, a few of which could become severe.

### HAZARDS & IMPACTS

#### Land:

- Heat Advisories possible this weekend.
- [Severe storms](#) possible Sunday afternoon/evening.

#### Beach/Surf:

- Enhanced risk of [rip currents](#) likely this weekend, especially east-facing beaches.

### ADDITIONAL INFORMATION
