

Get Tsunami Ready Now!

A fun interactive webinar for kids

- What:** Learn about tsunamis and tsunami warnings
Understand what to do and where to go to be safe from tsunamis
Q&A with tsunami scientists and emergency managers
- Who:** Geared toward grades 2-8 but all are welcome to attend
- Dates:** Wednesday April 28, 2021 or May 5, 2021
- Time:** 2:00 to 2:45 p.m. (after school activity)
- How:** Register via WebEx

Register for April 28: <http://bit.ly/tsunamislive1>
Register for May 5: <http://bit.ly/tsunamislive2>

This event will be captioned. If you need an auxiliary aid, service or other accommodation due to a disability, contact Tammy Fukuji (NOAA International Tsunami Information Center, 808-725-6054 tammy.fukuji@noaa.gov,) as soon as possible. Requests made as early as possible will allow adequate time to fulfill your request.

April is Tsunami Awareness in Hawaii

Tsunamis can happen at any time of the day, and with little or no warning. Unlike hurricanes, there is no season for tsunamis – they can happen all year round. Earthquakes generally cause tsunamis, and when they occur off the Big Island, tsunami waves can come ashore in 5-10 minutes. Or, if the earthquake occurred off Chile in South America, waves could take about 15 hours to arrive in Hawaii, giving us time to prepare.

Tsunami Ready Now! helps us to get ready for the next tsunami.

Make sure you and your family are prepared by knowing what to do and where to go!

Follow our social media (Facebook, Twitter, Instagram) posts to take simple but important actions to keep you safe from the next tsunami.
