Culpeper	14.00	10/18/1932	15.72	11,400	Minor	Rappahannock	Rapidan River	Culpeper	Culpeper

Weather Summary

The remnants of the eighth tropical storm of the season moved north-northeastward into the Mid-Atlantic on the 17th and 18th. The system was a relatively weak tropical storm when it made landfall in Louisiana a few days earlier. Nonetheless, 2.00 inches of rain fell across much of the region which resulted in minor flooding in Virginia and Pennsylvania.
