Remington	15.00	11/30/1987	15.25	11,700	Minor	Rappahannock	Rappahannock River	Fauquier	Fauquier

Weather Summary

A strong low pressure system brought its warm, occluded, and cold fronts across the Mid-Atlantic States from the 27th of November through the end of the month. Pretty consistent rainfall accumulated to nearly 3.00 inches of rain before the system moved off to the northeast. Locally heavier amounts of rainfall from this system resulted in flooding across three different streams in three different states.
