### Raritan

Site	Flood Stage	Date	Crest	Flow	Category	Basin	Stream	County of Gage	County of Forecast Point
Blackwells Mills	9.00	3/25/1993	10.19	5,560	Moderate	Raritan	Millstone River	Somerset	Somerset

---

### Weather Summary

A culmination of previous snowfall accumulations, rainfall accumulations, increasing temperatures and previous flooding events to allow for snow melt caused many areas across the Mid-Atlantic. As a result, many areas across the Mid-Atlantic Region experienced continual flooding issues through early April 1993. Road and school closings occurred in the Susquehanna Basin as results of the flooding.
