

# Flood Event of 6/24/2001 - 6/24/2001

## North Branch Susquehanna

Site	Flood Stage	Date	Crest	Flow	Category	Basin	Stream	County of Gage	County of Forecast Point
Cortland	8.00	6/24/2001	8.91	4,930	Minor	North Branch Susquehanna	Tioughnioga River	Cortland	Cortland

## Weather Summary

After the remnants of Tropical Storm Allison moved through the area on the 17th and 18th, another frontal boundary pushed eastward into the Mid-Atlantic on the 20th. The system slowed down and lingered over the region for a few days until eventually moving out to sea on the 24th. Between 2 and 3 inches of rain fell in parts of Central New York which lead to minor flooding in Cortland on the Tioughnioga River.
