 -NOAAPort
 Other NWS Partners, Users and Employees

From: Michelle Hawkins
 Chief, Severe, Fire, Public and Winter Weather Services Branch

Subject: Discontinuing Experimental Graphical Weather Review Webpage:
Effective April 15, 2020

Effective April 15, 2020, the NWS is discontinuing the Experimental Graphical Weather Review Webpage from Weather Forecast Office Corpus Christi, TX at:

https://www.weather.gov/crp/daily_rainfall_temps

The experimental Graphical Weather Review webpage produced daily high temperature, daily low temperature, and daily rainfall portable network graphics (PNG) graphics and KMZ files for the south Texas region.

This webpage has been in testing since January 2014 and only three survey responses were collected. While the comments were positive, there are not enough resources to expand this nationally. The information can be obtained from other websites:

<https://www.weather.gov> and
<http://water.weather.gov/precip/download.php>
