Subject: Soliciting Comments on Proposed Termination of Terminal
Aerodrome Forecast (TAF) at Bryce Canyon Airport (KBCE), Bryce
UT, through May 3, 2025.

The National Weather Service (NWS) is soliciting comments
through May 3, 2025 on the proposed termination of the TAF at
Bryce Canyon Airport, Bryce Canyon City, UT (KBCE). Air traffic
at Bryce Canyon Airport decreased significantly after routine
service from Las Vegas ended in 2007, and the majority of
current flights are episodic based on favorable weather for
viewing scenery. The proposed termination date for KBCE TAF is
on or before October 15, 2025.

Airport Name	WMO Heading	AWIPS ID
-----	-----	-----
Bryce Canyon Airport	FTUS45 KSLC	TAFBCE
