Subject: Termination of the Weather Activity Planner: Effective  
Immediately

Effective immediately, the NWS Weather Activity Planner has been  
terminated for all local Weather Forecast Offices (WFOs).

The Weather Activity Planner was available operationally to users from  
November 15, 2007 to April 2024, when NWS servers were updated to a new  
platform that was incompatible with the Weather Activity Planner causing  
a loss of functionality.

This Service Change Notice is a follow-on to the comments received in  
Public Information Statement 16-37:
