SUBJECT: CORRECTED: NATIONAL LIGHTNING SAFETY AWARENESS WEEK CAMPAIGN FOR
2009

CORRECTED TO NOTE THAT ALL LINKS SHOULD BE TYPED IN LOWER CASE LETTERS.

WHEN THUNDER ROARS...GO INDOORS

THE NWS WILL SPONSOR ITS 9TH ANNUAL LIGHTNING SAFETY AWARENESS WEEK
CAMPAIGN FROM JUNE 21-27 2009.

THE 2009 CAMPAIGN HIGHLIGHTS THE DEVASTATING EFFECTS OF LIGHTNING INJURIES
ON VICTIMS AND THEIR FAMILIES. THE CAMPAIGN FEATURES A COMPELLING VIDEO
PUBLIC SERVICE ANNOUNCEMENT BY ELLEN BRYAN...A MISS OHIO AND MISS AMERICA
HOPEFUL...AND HER SISTER CHRISTINA BRYAN...WHO WAS STRUCK BY LIGHTNING
NINE YEARS AGO. ALSO NEW THIS YEAR IS A TRIFOLD BROCHURE WITH LIGHTNING
SAFETY INFORMATION.

THE GOAL OF THIS CAMPAIGN IS TO HELP PEOPLE ACROSS THE NATION UNDERSTAND
THE DANGERS OF LIGHTNING SO THAT THEY TAKE THE APPROPRIATE ACTIONS WHEN
THUNDERSTORMS THREATEN. LAST YEAR IN THE UNITED STATES...HUNDREDS OF
PEOPLE WERE INJURED OR KILLED BY LIGHTNING. LIGHTNING INJURIES CAN BE
LIFELONG AND EXTREMELY DEBILIATING. ON AVERAGE LIGHTNING KILLS ABOUT 60
PEOPLE ANNUALLY IN THE UNITED STATES.

LIGHTNING DEATHS AND INJURIES OCCUR MOST FREQUENTLY UNDER AND NEAR TREES
AND IN OPEN AREAS. LIGHTNING SAFETY IS CRUCIAL WHEN YOU ARE
OUTDOORS...ESPECIALLY SINCE SO MANY SUMMER ACTIVITIES TAKE PLACE IN OPEN
AREAS SUCH AS ATHLETIC FIELDS...GOLF COURSES AND BEACHES. IF YOU HEAR
THUNDER...SEEK SAFE SHELTER IMMEDIATELY IN A FULLY ENCLOSED BUILDING OR
HARD-TOPPED VEHICLE. THERE IS NO SAFE PLACE OUTDOORS.

PEOPLE ARE PARTICULARLY VULNERABLE TO LIGHTNING STRIKES WHEN A STORM IS
APPROACHING OR EXITING THEIR AREA. LIGHTNING CAN STRIKE MORE THAN 10
MILES AWAY FROM A THUNDERSTORM. RAINFALL IS NOT AN INDICATOR OF YOUR RISK
FOR BEING STRUCK BY LIGHTNING.

MORE INFORMATION ABOUT LIGHTNING SAFETY AWARENESS WEEK IS ONLINE AT /USE LOWER CASE/:

[HTTP://WWW.LIGHTNINGSAFETY.NOAA.GOV](http://www.lightningsafety.noaa.gov)

THIS WEBSITE PROVIDES LIGHTNING SAFETY INFORMATION...STATISTICS AND INSIGHT TO THE SCIENCE AND MEDICAL ASPECTS OF LIGHTNING AND LIGHTNING INJURIES. THE SITE ALSO PROVIDES OUTREACH MATERIALS...INCLUDING POSTERS AND PUBLIC SAFETY ANNOUNCEMENTS...TO ASSIST WITH LIGHTNING SAFETY AWARENESS EFFORTS.

SOME LIGHTNING SAFETY TIPS:

KNOW THE WEATHER FORECAST BEFORE YOU HEAD OUTDOORS...ESPECIALLY IF YOU ARE RESPONSIBLE FOR THE SAFETY OF OTHERS. A PORTABLE NOAA WEATHER RADIO IS A GREAT WAY TO MONITOR THE LATEST FORECASTS AND WARNINGS WHILE OUTDOORS. OUR PARTNERS IN THE PRIVATE METEOROLOGICAL SECTOR CAN PROVIDE CUSTOMIZED WEATHER INFORMATION...ALERTS...WEATHER RADAR AND COMMUNICATION SERVICES.

WHEN OUTDOORS...KEEP AN EYE ON THE SKY. LOOK FOR DARKENING CLOUDS...FLASHES OF LIGHTNING OR INCREASING WIND...WHICH MAY BE SIGNS OF AN APPROACHING THUNDERSTORM. GET TO A SAFE SHELTER IMMEDIATELY IF YOU HEAR THUNDER. IF A COMPLETELY ENCLOSED BUILDING IS NOT NEARBY...GET INSIDE A HARD-TOPPED ALL-METAL VEHICLE. REMAIN IN SAFE SHELTER FOR 30 MINUTES AFTER THE LAST CLAP OF THUNDER.

PLACES TO AVOID SEEKING SHELTER DURING THUNDERSTORMS INCLUDE: BENEATH OR CLOSE TO TREES...SHEDS...CARPORTS...OPEN GARAGES...DUGOUTS...COVERED PATIOS...PICNIC SHELTERS...BLEACHERS...BEACHES AND OPEN FIELDS. ALSO STAY AWAY FROM CLOTHESLINES...FENCES AND ELECTRICALLY CONDUCTIVE OBJECTS.

GET OUT OF THE WATER. IT IS A GREAT CONDUCTOR OF ELECTRICITY. GET OUT OF SMALL BOATS AND CANOES...AND STAY AWAY FROM POOLS AND LAKES. LIGHTNING CAN STRIKE THE WATER AND TRAVEL SOME DISTANCE FROM ITS POINT OF CONTACT.

IN ADDITION TO DIRECT STRIKES...LIGHTNING GENERATES ELECTRICAL SURGES THAT CAN DAMAGE ELECTRONIC EQUIPMENT SOME DISTANCE FROM THE ACTUAL STRIKE. TYPICAL SURGE PROTECTORS WILL NOT PROTECT EQUIPMENT FROM A LIGHTNING STRIKE. TO THE EXTENT POSSIBLE...UNPLUG ANY APPLIANCES OR ELECTRONIC EQUIPMENT FROM ALL CONDUCTORS WELL BEFORE A THUNDERSTORM THREATENS. DO NOT WAIT TO UNPLUG EQUIPMENT UNTIL DURING A THUNDERSTORM AS THERE IS A RISK YOU COULD BE STRUCK.

LIGHTNING VICTIMS DO NOT CARRY AN ELECTRICAL CHARGE...ARE SAFE TO TOUCH...AND NEED URGENT MEDICAL ATTENTION. CARDIAC ARREST IS THE IMMEDIATE CAUSE OF DEATH FOR THOSE WHO DIE. SOME DEATHS CAN BE PREVENTED IF THE VICTIM RECEIVES THE PROPER FIRST AID IMMEDIATELY. CALL 9-1-1 IMMEDIATELY AND PERFORM CPR IF THE PERSON IS UNRESPONSIVE OR NOT BREATHING.

REMEMBER...WHEN THUNDER ROARS...GO INDOORS.
