Subject: Amended: Extending the Comments Period until November 30, 2012,  
on the Experimental Quantitative Precipitation Forecasts for Puerto Rico  
and the U.S. Virgin Islands

Amended to extend comment period through November 30, 2012.

NWS has extended the comment period until November 30, 2012, for  
Hydrometeorological Prediction Center (HPC) experimental Quantitative  
Precipitation Forecasts (QPF) for Puerto Rico and the U.S. Virgin Islands.  
HPC is preparing QPFs at 6-hour intervals through 48 hours once per day.  
The forecasts are available by 1400 Coordinated Universal Time (UTC)  
daily. These experimental products will be available in graphic for on  
the HPC website and in gridded binary version two (GRIB2) format via file  
transfer protocol (ftp).

The products are available online at:
