Subject: Experimental Snowfall Analysis Interface: Effective Tuesday,
February 15, 2011 at 1800 Coordinated Universal Time (UTC)

Beginning February 15, 2011 and continuing through April 30, 2011, a new experimental twenty-four hour web-based snowfall analysis interactive map interface will be available.

This experimental web service will be launched for public comment at the following address:

<http://www.srh.noaa.gov/ridge2/snow/>

Comments on this interface will be accepted through April 30, 2011, via a web-based questionnaire at the following address:

<http://www.weather.gov/survey/nws-survey.php?code=ESAI>

A link to the questionnaire will also be made available from the experimental web service page.

A Product Description Document (PDD) for this experimental product is online at:

<http://products.weather.gov/viewliste.php>

Upon the completion of this experimental period and the close of this Public Information Statement (PNS) comment period, the NWS will evaluate all received comments to determine whether or not to proceed with implementation of the Snowfall Analysis Interface.

If you have comments or questions regarding this PNS, please contact:
