Subject: Public Comments Solicited through May 18, 2012 on Experimental
mobile.weather.gov Website Redesign

NWS is accepting comments through May 18, 2012 on an experimental redesign
of its existing mobile webpage:

<http://mobile.weather.gov>

The goal of the redesign is to update the look, feel, and functionality of
NWS's mobile web presence to better take advantage of the capabilities of
today's smartphone browser capabilities.

A functional prototype of the design is available at:

<http://preview.weather.gov/mobile/>

Please provide comments via an online survey available at:

<http://www.weather.gov/survey/nws-survey.php?code=new-mobile>

NWS encourages its partners and customers to fill out the above survey in
this format.
