              Chief, Water Resources Services Branch

Subject: Updated: Comment Period Extended through June 30, 2018 on the  
Proposed Termination of the NWS Hydrologic Information Center (HIC)  
Website

Updated to extend the comment period through June 30, 2018.

NWS is accepting comments until June 30, 2018, on a proposal to terminate  
the Hydrologic Information Center (HIC) website at:

<http://www.nws.noaa.gov/hic>

This legacy website was launched many years ago to provide NWS flood loss  
information to the general public and reports to the U.S. Army Corps of  
Engineers. The HIC website is now obsolete because these detailed  
reports are no longer being generated. The underlying data is available  
to the public through the NOAA National Centers for Environmental  
Information (NCEI). To ease the transition for NWS data partners and  
users, a breakdown of the options available for obtaining information  
normally found via the HIC URL is provided below:

HIC Site Data Link: Alternative Link

Flood Damage Data currently at <http://www.nws.noaa.gov/oh/hic/> now at:  
<https://www.ncdc.noaa.gov/stormevents/>

Fatality Data currently at  
[http://www.nws.noaa.gov/hic/flood\\_stats/recent\\_individual\\_deaths.shtml](http://www.nws.noaa.gov/hic/flood_stats/recent_individual_deaths.shtml)  
now at:  
<http://www.nws.noaa.gov/os/hazstats.shtml> (1996 to present) or  
<https://www.ncdc.noaa.gov/stormevents/>

Spring Flood Outlook formerly at <http://www.nws.noaa.gov/oh/hic/nho/> now  
at:

<http://nws.noaa.gov/oh/index.html>

Loss Reports currently at  
<http://www.nws.noaa.gov/hic/summaries/index.shtml> now at:

<http://www.nws.noaa.gov/os/water/>

Flood Safety Information formerly at <http://www.floodsafety.noaa.gov/> now  
at:

<https://www.weather.gov/safety/flood>

NWS will evaluate all comments to determine whether to proceed with this change. If approved, NWS will send a Service Change Notice giving 30 days' notice of the termination date.

Send comments on this proposal to:
