 Other NWS Partners, Users and Employees

From: Mark Tew
 Chief, Marine and Coastal Weather Services Branch

Subject: Amended: National Hurricane Center Videocasts Delayed until Date
to be Determined

Amended to announce National Hurricane Center (NHC) Videocasts are not
transitioning to operational status this hurricane season.

Due to technical issues, the experimental NHC videocasts are not currently
available and will not transition to operational status this hurricane
season. The videocasts may be issued later during the 2014 hurricane
season as an experimental product.

The videocasts are an Internet protocol-based audio and video streaming of
NHC's hourly hurricane briefings with the intent of providing distant
media outlets and the general public with access to these briefings.

A Public Information Statement will be sent out notifying users when the
service will be available again.

If you have any questions, please contact:

Dennis Feltgen
Public Affairs Officer
National Hurricane Center
Miami, FL
Email: dennis.feltgen@noaa.gov
Phone: 305-229-4404
