Subject: Updated: Level III NEXRAD Data Collected from Two Overseas Radars
on or around January 16, 2017

Amended effective date to on or around January 16, 2017.

The NEXRAD Program will begin centrally collecting and disseminating Level III products from two overseas WSR-88Ds: Camp Humphreys, Republic of Korea (ROK) (RKSG) and Kunsan, ROK (RKJK) on or around January 16, 2017. Level II data is already available from these sites.

The full suite of Level III products, comparable to other WSR-88D Level III products, will be available and archived at the National Center for Environmental Information (NCEI).

The data will be available for download from:
