Books

PostgreSQL (2nd Edition) by Korry Douglas, July 2005, Sams Publishing
       - updated for Version 8.0

Beginning Databases with PostgreSQL by N. Matthew and R. Stones, 2005, Apress
       - Updated for Version 8.0
       - Technical Reviewer: Robert Treat

PostgreSQL by K. Douglas and S. Douglas, Feb 2003, Sams Publishing
       - lists features through 7.2

Practical PostgreSQL, Jan 2002, O'Reilly
Reader Review: "My god, does this book suck ..." - poor index and table of contents
make finding topics difficult
- book is available online
- current through version 7.1.3
- good discussion on using reserved words

PostgreSql: Introduction and Concepts by B. Momjian, Dec 2000, Addison Wesley
       - web site www.postgresql.org/docs/awbook.html
          - lists corrections and new features for 7.1, 7.2, 7.3
