Severe thunderstorms occurred in eastern Oklahoma through much of the day on November 3rd. Strong thunderstorm winds downed trees 5 miles northeast of Red Oak, near Lequire, and at McCurtain, and a tree was blown down onto a road near Pocola. Several large tree limbs were blown down at Panama, and 60 mile an hour winds downed large tree limbs near Chelsea. A cable box was blown out at a house by 60 mile an hour winds 1/2 mile south of Cookson. Thunderstorm winds gusted to 70 miles an hour at Warner and to 65 miles an hour at Eufaula. Thunderstorm winds gusted to 60 miles an hour 3 miles southwest of Webbers Falls, 2 miles southwest of Skiatook, 3 miles north of Sperry, and 10 miles northwest of Vinita. Large hail also accompanied the storms. Quarter size hail fell 2 miles east of Broken Arrow along the Tulsa/Wagoner county line and also 5 miles northeast of Sapulpa. Nickel size hail fell 5 miles east of Broken Arrow, at Salina, 2 miles east of Salina, 1 mile north of Pryor, and 3 miles west of Keetonville. Dime to nickel size hail fell on the northeast side of Collinsville, and dime size hail fell at numerous other locations in eastern Oklahoma. The thunderstorms also produced very heavy rainfall which resulted in flash flooding in parts of east central and southeast Oklahoma. Street flooding and some minor small creek overflows occurred in Stilwell and in Arkoma, and some county roads were flooded north of Sallisaw. Street flooding occurred in Red Oak and in McCurtain, and some secondary roads were closed by flooding in McCurtain.

1 W Whitefield	04	0800CST	0	0	4	0	TSTM Wind		

Severe thunderstorms redeveloped in eastern Oklahoma during the early

morning of November 4th. Several barn roofs were damaged and large tree limbs were downed by strong thunderstorm winds just west of Whitefield, and a large tree limb was downed 5 miles south of Broken Arrow. Thunderstorm winds gusted to 60 miles an hour 7 miles southwest of Skiatook, 2 miles northwest of Coweta, and at Featherston. Quarter size hail fell at the intersection of 51st Street South and Yale Avenue in the city of Tulsa.

LeFlore County Countywide	04	1400CST- 1600CST	0	0	?	0	Flash Flood
Sequoyah County Countywide	04	1400CST- 1600CST	0	0	?	0	Flash Flood

Thunderstorms in Sequoyah and Le Flore counties produced very heavy rainfall which resulted in flash flooding during the afternoon of November 4th. Numerous county roads were flooded in Sequoyah County, and several county roads were flooded in Le Flore County.

Le Flore County Heavener	05	0400CST- 0500CST	0	0	?	0	Flash Flood
-----------------------------	----	---------------------	---	---	---	---	-------------

Thunderstorms continued to produce very heavy rain in Le Flore County during the early morning of November 5th. This resulted in severe street flooding in Heavener.

Washington County Oglesby	08	2330CST	0	0	?	0	TSTM Wind (G52)
------------------------------	----	---------	---	---	---	---	-----------------

A severe thunderstorm produced 60 mile an hour winds which downed numerous tree limbs 2 1/2 inches thick at Oglesby.

Le Flore County NR Pocola	09	0800CST- 0900CST	0	0	?	0	Flash Flood
NR Panama	09	1030CST- 1130CST	0	0	?	0	Flash Flood

Thunderstorms in northern Le Flore County produced very heavy rainfall which resulted in flash flooding during the morning of November 9th. County roads and streets were flooded near Pocola and near Panama.

Creek County Depew	20	1645CST	0	0	3	0	High Wind
Bristow	20	1645CST	0	0	?	0	High Wind
Osage County 2 NW Tulsa	20	1715CST	0	0	?	0	High Wind (G55)
Okmulgee County Henryetta	20	1719CST	0	0	?	0	High Wind (G55)
Sequoyah County Muldrow	20	2015CST	0	0	3	0	High Wind

An intense low pressure system moved across Kansas and produced strong gradient winds in northeast and east central Oklahoma during the late afternoon and evening of November 20th. The strong winds downed power poles in Depew, blew down 6 to 12 inch diameter tree limbs in Bristow, and blew the roof off an outbuilding in Muldrow. Winds gusted to 63 miles an hour 2 miles northwest of Tulsa in extreme southeast Osage County and also at Henryetta.

Sebastian County 04 1500CST-  
Countywide 1700CST 0 0 ? 0 Flash Flood

Thunderstorms in northwest Arkansas produced very heavy rainfall which resulted in flash flooding during the afternoon of November 4th. Several streets were closed in Fayetteville, Springdale, and Van Buren due to flooding, and the Van Buren Industrial Park was flooded. Several streets in Fort Smith were flooded, and several county roads were flooded in Crawford and Sebastian counties. Flooding in Benton County caused a mudslide near the Rogers Airport that closed Walnut Valley Road. Flooding washed out roads in some areas in Madison County.

Crawford County 05 0500CST-  
NR Mulberry 0700CST 0 0 ? 0 Flash Flood

Sebastian County 05 0500CST-  
Countywide 0700CST 0 0 ? 0 Flash Flood

Thunderstorms continued to produce very heavy rain in Crawford and Sebastian counties during the early morning of November 5th. This once again resulted in flash flooding with several roads closed by high water in Sebastian County, and a secondary road near Interstate 40 flooded near Mulberry in Crawford County.

Sebastian County 09 0630CST-  
N part of county 0925CST 0 0 ? 0 Flash Flood

Thunderstorms in northern Sebastian County produced very heavy rainfall which resulted in flash flooding. The intersection of State Highway 96 and Nixon Road near Lavaca was flooded, and State Highway 96 was flooded between Lavaca and State Highway 22. Street flooding occurred in Lavaca and Fort Smith, and several county roads near Fort Smith were flooded.

Benton County  
Bella Vista 20 1955CST 0 0 ? 0 High Wind (52)

Benton County  
Decatur 20 2000CST 0 0 3 0 High Wind

An intense low pressure system moved across Kansas and produced strong gradient winds in extreme northwest Arkansas during the early evening of November 20th. Winds up to 60 miles an hour downed trees and power lines in Bella Vista, and strong winds blew down 2 sheds in Decatur.

Madison County  
Combs 27 0450CST 0 0 3 0 TSTM Wind  
Pettigrew 27 0510CST 0 0 0 0 TSTM Wind

An isolated severe thunderstorm developed in Madison County of northwest Arkansas during the early morning of November 27th. Strong

thunderstorm winds blew shingles off roofs in Combs, and large tree limbs were blown down and a power line was downed by strong thunderstorm winds in Pettigrew.
